

2007
U.S. Green Building Council
Middle Tennessee Chapter
Green Star Awards

The Green Star Award is presented each year to an individual, company or project that has represented the Mission of the US Green Building Council Middle Tennessee Chapter and has served to promote the principles of sustainable design and construction.

Green Star Award: **Educational Contribution**
Mark West

For your unyielding promotion of the LEED Homes Rating System and willingness to serve as an educational resource for the Chapter

Green Star Award: **Residential Contribution**
Lawrence Bros., LLC

For your excellence and devotion to high performance sustainable building practices in Middle Tennessee

Green Star Award: **Commercial Contribution**
Crosland Development

For your leadership and promotion of sustainable building practices in private sector development projects

Green Star Award: **Individual Contribution**
Mike Jameson

For your unrelenting efforts leading to the adoption of legislation requiring LEED Silver Certification for public buildings in Metro Nashville

Green Star Award: **Corporate Contribution**
Tennessee Waste

For providing a service that helps projects in Middle Tennessee meet construction waste recycling goals, and for your continuing support of the USGBC Chapter
